## EXPERIENCE

**Interactive Designer, UBC Continuing Professional Development, Vancouver** Sep 2024 – Sep 2025

- Designed and developed an eLearning course end-to-end, from early concept and storyboarding through final production, receiving highly positive learner and stakeholder feedback.
- Produced 20+ custom visuals, illustrations, and infographics to clarify complex medical educational content and strengthen course usability.
- Delivered UX improvements, content updates, and visual design support across 10+ courses to improve learner experience.

**Digital Marketing Account Manager, Guaranteed SEO, Vancouver** Jun 2020 – Dec 2023

- Executed digital marketing strategies and impactful ad campaigns for a 20+ client portfolio to effectively engage target audiences.
- Increased website visibility by implementing SEO and web design strategies, growing organic keyword rankings to the top 10 for major search terms.
- Coordinated WordPress updates, executed on-site CSS/HTML modifications, and maintained consistent content implementation to improve usability, visual consistency, and site performance.

## EXTRACURRICULAR ACTIVITIES

**Digital Marketing & E-Commerce Manager, French Kiss Chocolate, Remote** Jun 2021 – Present

- Led full-scope digital marketing and online operations for a family-owned chocolate retailer, building Instagram to 9,000+ followers while driving brand strategy and e-commerce growth.
- Designed and launched an e-commerce website (domain, hosting, payment integration) and developed promotional campaigns across digital and print, including AI-assisted content creation.

## PROJECTS

**Product Designer, Seedling App** Oct 2025 – Dec 2025

- Designed a mobile app for rural youth in British Columbia to reduce barriers to accessing substance use services through provider-led outreach.
- Established visual direction and implemented usability enhancements to reduce cognitive load, incorporating progressive disclosure and progress indicators to improve information hierarchy.

**UX Designer, Dr. Sun Yat-Sen Classical Chinese Garden** Jan 2024 – Apr 2024

- Partnered with a museum to develop a product strategy grounded in ethnographic research, translating insights into personas and journey maps.
- Designed a non-interface solution aimed at improving the understanding of first-time visitors regarding the organization's hidden symbolism and underlying meaning.

## EDUCATION

**Interactive Arts & Technology, Bachelor of Science (Second degree)** Sep 2022 – May 2026  
Simon Fraser University (*Dean's Honour Roll 2025*)

**Cognitive Systems (Psychology stream), Bachelor of Arts** Sep 2016 – Dec 2019  
University of British Columbia
